Search for the
Top 10 Outstanding Local Governance Programs***

THE GALING POOK AWARDS

The Galing Pook Awards was launched on 21 October 1993 as a pioneering program that searches and recognizes innovative practices by local government units. LGU finalists with outstanding initiatives are carefully selected and winners are recognized in a very prestigious awarding ceremony.

The awardees of the Galing Pook are chosen from a national search of local governance programs, evaluated through a multilevel rigorous screening process based on positive results and impact, promotion of people's participation and empowerment, innovation, transferability and sustainability, and efficiency of program service delivery.

Beyond the awards, winning programs become models of good governance promoted for adoption in other communities. They provide useful insights and strategies to find innovative solutions to common problems. More importantly, they affirm the community and the local government's commitment to good governance.

For the past 24 years, more than 300 programs from at least 170 local governments/local government alliances were awarded the Galing Pook. These awardees become very important advocates in inspiring other local governments to introduce innovative practices and provide a fertile environment for the replication of successful reforms.

Selection Criteria

Positive Results and Impact	(30%)
Promotion of People's Participation and Empowerment	(30%)
Innovation	(15%)
Transferability and Sustainability	(15%)
Efficiency of Program Service Delivery	(10%)

Eligibility Criteria

For a program to be considered for the Galing Pook Awards, it must meet the following minimum requirements:

- It must have involved or engaged processes within a local government unit (barangay, municipality, city, or province) even if the program might have been initiated (either independently or jointly) by an NGO, CSO and/or an LGU.
- It must have been in operation for at least one (1) year before the deadline of submission (April 30, 2018).
- It must have verifiable and significant results.
